

On This Side Of The Sun

By Phat

GHASTLY — After countless years of having some woman look after the domestic side of things — my mother, my wife and sundry landladies, hotel maids and boarding house keepers — after one week of living alone in an apartment, I have reached the conclusion that the toughest thing a soldier has to do is to make his bed so that it passes inspection. I don't see how they get 'em so smooth. . . . My dish-washing isn't so bad but it would probably throw a good housewife into hysterics. . . . And my coffee is so strong that the whole cup turns when I stir it or else it looks like weak tea. . . . Oh, well, this is war, you know.

DISTURBING — Those two soldiers whole stole a plane at Bakersfield and flew to Pomona, later being arrested at Upland, raise a disturbing question — If they could make that jaunt without being detected by airplane spotters, why couldn't a Nip? Besides that, they landed at night in a guard field. That pilot is really too good to languish in a guardhouse. How did he ever happen to be washed out? . . . "Why do they squawk so about army wives?" queries one. "Seems to me we have a right to be near our husbands as long as we can, just as much as a defense worker's wife has — or any other wife. They'll be overseas soon enough where we can't be with them. Besides, it's a bog boost for their morale."

BAD NEWS — June 15 is the date the second income tax installment is due. With congress dilly-dallying on the tax bill and with FDR threatening to undo what they do when and if they finally do it, it looks as if we won't be forgiven. But that's not all. Along about June 15 Uncle Sam is going to hold out his hand and say "Gimme." That little rose-tinted stamp down in the right-hand corner of your windshield is good only until July 1. On that day you'll have to have another use stamp, cost price \$5, to drive your car for the fiscal year, 1943-44. . . . The new color and size have not yet been given out. . . . What with gas book stickers and use stamps and other necessary items, we soon may have trouble looking out of our windshields.

THIS AND THAT — Some time ago Life magazine showed a picture of a kitten with a mustache like Adolf Hitler's. The Axis have another kitten-counter part right here in California. In Arlington, it is reported, a two-faced kitty has been born. It has two ears, but four eyes, two noses and one mouth. Besides that its color is yellow. A yellow two-faced kitten. They should name that pussy Hirohito. . . . They had an auction to boost war stamps at a Colorado school the other day. A puppy brought \$5, a young chicken 45 cents — but an autograph of Clark Gable sold for only 30 cents. Another example of fickle high school girls.

HEALTH — More than 25,000 medical officers are now serving in the army. Uncle Sam is taking care of his soldiers. The death rate of army personnel, exclusive of battle casualties, is reported the lowest in U. S. history. Hospitals have doubled in number since Dec. 1, 1941, and beds tripled. . . . A soldier back from the Pacific front says the Japs would rather eliminate an American doctor than a general. . . . Seeing that word "American" in the statement just previous — did you ever stop to think that the word ends in "I can" and that typifies America?

WIDE-AWAKE — The OWI reports that by eliminating the amount of steel in bed springs, the annual saving is enough to build 88 Liberty ships. . . . Things are different in this war. Production of warplanes is now beyond the 6,000-a-month mark. During the first world war, only one Am-

Wilbur's Attempt To See the World Flops Grievously

This is another tale of a turtle with the wanderlust, but it's a different turtle. . . . This story is about "Wilbur." Wilbur is the sole property of Johnny Martineau, seventh-grader at the Nellie N. Coffman school and son of Mr. and Mrs. Frank Martineau of 231 Via Colusa. Johnny built Wilbur a good, strong turtle corral and all was well for a while. Then one day this week, Wilbur was not there. Johnny felt pretty badly about it until Mrs. Robert A. Stevens, wife of Major Stevens of Torney General Hospital, telephoned him. She said she had noticed the turtle waddling up Indian avenue and fearful lest it be a traffic casualty, stopped and picked it up. Then she noticed that it had stamped on its back, it's name, Johnny's name and the Martineau phone number. So all is well again in Wilbur's corral.

Death Takes F. A. Rose at Beverly Hills

Prominent Winter
Resident Laid to
Last Rest Tuesday

Death last week took one of Palm Springs' most prominent winter residents, Frederick A. Rose, of 478 Camino del Sur, who with Mrs. Rose, had been coming to the Village every season for the past 16 years.

Mr. Rose died last Friday at his home in Beverly Hills. He had left here to return to his home there for the summer, but a day or two previous.

HEAD OF LARGE FIRM

He was head of the Rose Brick company of Roseton, New York, a community named in honor of his family. He was a Mason, a Shriner, an Eastern Star and a Knight Templar.

Besides Mrs. Rose, he is survived by a daughter, Mrs. H. F. Clemens of Newburg, New York, and a sister, Mrs. May Rose Dyer of Marlborough on the Hudson, New York.

FOND OF VILLAGE

Mr. and Mrs. Rose were very much in love with Palm Springs and never failed to make this their winter headquarters since they first came here for the season 16 years ago. He built a fine home on Camino del Sur ten years ago.

Last rites were said for Mr. Rose Tuesday noon at the Little Church of the Flowers, Forest Lawn, Glendale, and interment was in Forest Lawn.

Congratulations Go to 7 Officers At Torney Hospital

Congratulations were in order for seven officers at Torney General Hospital this week as gold leaves were changed to silver, double silver bars became golden oak leaves and two silver bars blossomed where but one grew before.

Promoted to lieutenant colonels were Majors Willard L. Neilsen and Edward T. Thompson; to majors were Captains Joseph W. Iseman and Albert Y. Wilcox, First Lieutenants Samuel D. Daniels, Ralph L. Hendrix and Thomas A. Ward became captains this week.

Major Iseman at present is assistant chief of general surgery. Major Wilcox is assigned as chief of gastro-enterology and ward officer. Lt. Col. Thompson is the hospital executive officer and Col. Neilsen serves as chief of dental service.

Captain Hendrix was recently assigned adjunct of this command. Captain Ward is director of dietetics, custodian of the hospital fund and mess supervisor. Captain Daniels is medical service ward officer.

Bill Keyes Faces Hearing June 3 on Murder Charges

William F. Keyes, who terms himself as a "sand hermit," was in Riverside county jail today awaiting hearing June 3 on a charge of murder, as the result of the feud shooting of Worth Bagley, retired Los Angeles peace officer a week ago.

The formal complaint was filed in Judge R. A. Moore's court in Riverside Wednesday and Keyes was arraigned yesterday. Thomas Reynolds, Los Angeles attorney retained by Keyes, waived reading of the complaint and Judge Moore set date for the preliminary hearing as June 3.

The shooting occurred near the county line approximately 50 miles northeast of Palm Springs and is said to have climaxed a long feud between the two men, who lived on adjoining ranches.

REFUSES TO TESTIFY

On the advice of Reynolds, Keyes refused to testify at the coroner's inquest earlier in the week.

The attorney told deputy coroner, Seymour Cash, who was conducting the inquest, that he had instructed his client not to answer any interrogations at the proceedings on the grounds that it might incriminate him.

Dr. W. K. Templeton of Riverside testified as to the cause of death which he said was due to a hemorrhage from a gunshot wound in the abdomen.

Lieut. Claude McCracken of the

(Continued on page Four)

Dr. O. B. McRory Is Named Deputy Health Officer

Dr. O. B. McRory Monday of this week was sworn in as deputy county health officer and will represent Dr. Warren A. Fox, county health officer, in Palm Springs and vicinity.

He will maintain headquarters at the city health center, 299 east Amado road.

As deputy representing Dr. Fox here, Dr. McRory will also be deputy health inspector, both state and federal, and will have full power to enforce sanitation laws.

Appointment of Dr. McRory was made known in a communication to city council from Dr. Fox Wednesday night.

2 Earl Carroll Girls Injured In Crash Here

Two women, show-girls for Earl Carroll's in Los Angeles, were injured, one seriously, in an automobile accident on Palm Canyon drive at the entrance to Bunker Court Monday afternoon, when the automobile one of them was driving, went out of control.

Miss Barbara McDonald, 23, of Beverly Hills, suffered a fractured knee cap and lacerations in the accident and Miss Betty Melville, 22, who was driving, was painfully cut and bruised.

DRIVER IS CITED

A citation was issued to Miss Melville for failure to possess a driver's license. Police reported she said she had not driven for three years prior to the time of the accident.

Miss Melville apparently attempted to make a right turn into the private driveway leading to Bunker Court and rammed a post on the south side of the drive next to the Desert Inn garage.

CAR BADLY DAMAGED

The front end of the car was badly damaged by the impact and the two women hurled forward. They were attended by Dr. C. H. Peppers and then taken to the Coachella Valley hospital in the city ambulance for treatment.

Miss Melville was discharged after being given first aid. Miss McDonald is still at the hospital.

Policeman Orest Johnson investigated the accident.

Dearth of Doctors May be Alleviated, Report to Council

Dr. S. A. Esborn, a woman physician with experience in India and other countries with summer temperatures akin to that of the desert area, wants to locate in Palm Springs this summer.

Because of the dearth of physicians here during the warmer months, city council Wednesday night was urged to take action to encourage her to locate here.

City Manager A. E. Bailey told councilmen that indications were that Palm Springs would be without a physician during the summer unless Dr. Esborn located here. He urged that every encouragement be given her.

Palm Springs Girl Wins WAAC Honor

Elizabeth F. Marry of 245 East Racquet Club road, Palm Springs, has been commissioned a Third Officer in the Woman's Army Auxiliary Corps, according to word from the WAAC public relations officer at Fort Des Moines. A WAAC Third Officer is equivalent to an Army second lieutenant.

C. of C. Renews Lease On Present Quarters

Chamber of Commerce directors voted to renew the lease on their present quarters for another year at a recent meeting. Secretary John R. E. Chaffey said this week.

NOTICE

Summer office hours in effect at The Desert Sun office now are:

Mondays, Tuesdays and Wednesdays, 10 a. m. to 3 p. m.
Thursdays, 8 a. m. to 5 p. m.
Closed Fridays.
Saturdays, 8 a. m. to noon.
Phone 3594.

Ask Repeal Of Sidewalk Water Ban

City Manager
Reports Answer
To Problem Near

Ordinance No. 131—which prohibits use of water under pressure to flush off city sidewalks, goes into effect today—but the question of cleaning sidewalks was still a moot one.

A long petition signed by most of the businessmen on Palm Canyon drive north of Arenas, was presented to council Wednesday night, asking that the measure be rescinded. The petition called attention to the need of water to clean walks, declaring that it was the most healthful method available.

SOLUTION NEAR

City Manager A. E. Bailey reported that he and City Engineer J. F. Davidson had investigated the situation thoroughly, making another inspection tour Wednesday. He reported that Mr. Davidson believed a solution of the problem was at hand.

Mr. Davidson will consult state highway engineers, as Palm Canyon drive is a state highway, on a joint solution of the problem. Construction of a curb on the south side of Arenas road from Palm Canyon drive to Indian avenue would drain the pool which forms each morning at Arenas and Palm Canyon drive, the engineer said.

MAIN OBJECTION

One of the main objections to sidewalk washing was that the accumulated water formed this pool, creating a health hazard.

Other objections were that passers-by were splattered with water, that the work of street sweepers was nullified as floods went down the gutter and that trash from stores was washed into the streets.

Action on the ordinance may be held in abeyance until the next meeting of the council, scheduled for June 2, it was indicated, of merchants' use judgement in washing the walks and not send great floods down the drive.

REPORT JUNE 2

A report on Mr. Davidson's conferences with state engineers will be made at the June 2 meeting. At that time, if the solution is feasible, ordinance No. 131 may be repealed and a new ordinance regulating sidewalk washing, adopted.

The new measure would regulate the hours which washing is permitted and the amount of water used. It would also provide protection for pedestrians.

In the meantime—to wash or not to wash (sidewalks) is still the question.

Rationing Board Now Has Private Telephone Line

The Palm Springs War Price and Rationing board now has its own telephone number.

Because of the great number of calls going through the switchboard at the city hall for the rationing board it was decided to run a private trunk line to the board office, eliminating delays and making for greater convenience for board members and the public.

So now, if you want to call the Rationing board, dial 2115.

Useful—and Ornamental, Too—That's How Villager Views New Acquisitions

For several years the Palm Springs Chamber of Commerce has been accumulating large paintings of desert, mountain and Village scenes which have done duty in the east in window displays advertising this section.

These paintings are now in storage, carefully crated against damage—but the storage bill amounts to \$4 monthly.

What to do about it?

BEFORE DIRECTORS

That was the question discussed at the latest meeting of Chamber of Commerce directors.

Then Francis Crocker came to the rescue. "I'll take them," he said. "O. K.—if you get them out of storage before the next bill comes in," he was told.

So now Mr. Crocker has approximately 40 large pictures of the Village and surrounding area,

A. E. Bailey Resigns As City Manager

City Manager Arthur E. Bailey Wednesday night presented his resignation to the city council, asking that it be made effective on June 1. In a communication to the council, Mr. Bailey recalled that when he came back to the city after service with the U. S. Marine corps, he had indicated that he would take over the position only temporarily because of a health condition which necessitated a high, dry climate.

Stream-Lined Plan Adopted For A Books

There'll be no long lines of motorists and no harassed volunteer clerks and registrars for new gasoline books when the present A books run out next July 20.

Instead, there'll be a stream-lined process which will eliminate registration at schools or ration board offices.

Uncle Sam, who put gasoline rationing into effect, will see to it that A-book holders get their books quickly—by mail.

FORMS PLANNED

Along about June 22, a full month before the last coupons expire, the motorist will pick up a simple application form at a service station or other conveniently located place designated by his ration board.

Then he will fill out the form and mail it to his rationing board along with the back cover of his present A book, the one which he signed, and his tire inspection record.

TO SPEED ACTION

Forms, books and tire records mailed in by Village motorists will be put through the processing method by the local board under William A. Lippman as soon as they start arriving.

It is planned to have all new A books in hands of motorists by the time the present No. 6 tickets which become valid tomorrow, run out.

However, to be sure of getting a book in time, motorists should not hesitate to mail in their applications when they become available late next month, Mr. Lippman warned.

Substantial Cut In Tax Rate Coming Declares Stanfield

Chairman Ralph E. Stanfield of the Riverside county board of supervisors predicted last week that county tax payers will pay a smaller tax bill next year.

He made his forecast despite the apparent need for a general pay raise for workers in county offices and the removal of much taxable land from the assessment rolls for military purposes.

Hearings on salary raises for county workers are continuing and the board is listening to all requests.

Stanfield based his prediction on a big saving to the county as result of recent legislation increasing the state's share in the pension load and to estimated balances in several funds.

Because of the wave of juvenile delinquency is overcrowding the county detention home, supervisors appropriated \$250 to remodel the basement into dormitories.

Useful—and Ornamental, Too—That's How Villager Views New Acquisitions

For several years the Palm Springs Chamber of Commerce has been accumulating large paintings of desert, mountain and Village scenes which have done duty in the east in window displays advertising this section.

These paintings are now in storage, carefully crated against damage—but the storage bill amounts to \$4 monthly.

What to do about it?

BEFORE DIRECTORS

That was the question discussed at the latest meeting of Chamber of Commerce directors.

Then Francis Crocker came to the rescue. "I'll take them," he said. "O. K.—if you get them out of storage before the next bill comes in," he was told.

So now Mr. Crocker has approximately 40 large pictures of the Village and surrounding area,

He expressed regret at the need of taking the step, he said in his resignation, but believed that the affairs at the city hall would be in capable hands under direction of Mrs. Louise McCarn, who served as acting city manager while he was with the U. S. Marine corps, and Ray M. Sorum, director of public works.

CALLED LAST FALL

Mr. Bailey, a member of the U. S. Marine corps reserve, was called to active duty last September and commissioned a lieutenant in the USMC. He went from here to Quantico and then was transferred to the Marine base at El Centro.

It was while he was stationed there that the results of a physical examination caught up with him and he was given an honorable discharge because his eyes failed to meet the requirements.

IS GIVEN LEAVE

When he was called to active service he was granted a leave of absence by city council and Mrs. McCarn was appointed acting city manager. Upon his return from service he was prevailed upon to resume his office here as city manager and accepted with reservations.

Physicians, however, declared that he must go to a higher altitude and he will move to Big Bear lake area to make his home this summer. Because this is too far away to attend his duties here, he presented his resignation Wednesday night.

WITH REGRETS

Councilman Philip L. Boyd moved that the resignation be accepted "with regret" by the council and highly praised Mr. Bailey for what he had done for the city as city manager. Councilman Frank Cutler, added his praise for the service rendered Palm Springs by Mr. Bailey, in seconding the motion.

Mayor Frank V. Shannon declared that he had been as close as anyone in official circles to Mr. Bailey and said that he had done a great job as city manager.

WILL KEEP CONTACT

The resignation was accepted with regret by the council.

Mr. Bailey and his family, who have been residing at the Smoke Tree ranch, will move to Big Bear lake at the end of the month.

Mr. Bailey, however, will keep in contact with the city hall until the June 2 meeting of the city council and until various problems, now current, are solved.

Fifty to Graduate From Junior High

Approximately 50 young Villagers will receive diplomas next Thursday evening in outdoor commencement exercises at the Nellie N. Coffman Junior high school, George F. Mannington, principal of the school said today in announcing the program.

The exercises will start at 8 o'clock in the school patio which is expected to be thronged with parents and friends of the boys and girls completing their elementary school work.

CHALLENGE OF FUTURE

Edward A. Wills will speak on "The Challenge of Future Years"—Mrs. Nellie N. Coffman will bring a message to the graduates and the diplomas will be presented by Francis F. Crocker of the Desert District school board.

While no diplomas can be presented at the other schools of the district which include the first to sixth grades, ceremonies are planned at all of them next week when certificates of advancement to the junior high school will be presented. Miss Katherine Finch is superintendent of the Desert district.

COMPLETE PROGRAM

The complete program for the Junior high school graduation next Thursday evening follows:

Processional, "Pomp and Circumstance"—Elgar.

Invocation—Chaplain Frank W. Hayes.

Advancing the Colors — The American Legion.

The National Anthem.

Col. Hayes To Address Graduates

Commencement Week
Starts Sunday for
Class of 1943

Col. Frank Hayes, chaplain at Torney General Hospital, will deliver the Baccalaureate sermon to the Class of 1943, Palm Springs High school at the Community Church next Sunday night at 7:30 o'clock. Dr. E. E. Certeil announced today.

Parents and friends of the graduating class are invited to attend the services. Col. Hayes will be assisted by Dr. J. R. Macartney, pastor of the Community Church.

PLAN SPECIAL MUSIC

Seniors will wear their caps and gowns for the services.

Special music will be presented by the Girls' Glee club of the high school directed by Miss Peggy Clark. Miss Clark will also preside at the organ for the Baccalaureate services.

Commencement exercises will be presented at 5:30 p. m. in the court at the high school next Friday.

Diplomas will be presented in person to 36 of the graduating class. The others will be presented in absentia, to members of the class who have already left the school.

FOUR TO SPEAK

Dr. Elam J. Anderson, president of Redlands University, will be the Commencement speaker.

Other speakers will be Betty Willard, valedictorian, Elsa Ko-feldt, salutatorian, and Jack Hoover, president of the senior class.

The exercises next Friday will mark the final day of the 1942-43 school term.

Council Adopts Strong Plea for Tram Bill Action

Strong recommendation that he sign the measure creating the Palm Springs Winter Park authority was adopted by city council Wednesday night and dispatched to Governor Earl Warren at Sacramento.

The bill, which would authorize issuance of revenue bonds for the construction of the aerial tramway from Palm Springs to the San Jacinto state park, was adopted by both assembly and senate and is now on the governor's desk.

The measure, Assembly bill 2001, was introduced by Assem-

Fifty to Graduate From Junior High

Welcome—Barbara Ann Smith, Class President.

"The Challenge of Future Years"—Edward A. Wills.

Awards of Honor

American Legion Awards—

Stanton Griffing.

D. A. R. Awards—Paloma P. Prouty.

Special Award—Katherine Finchy.

A Program of Music

Presentation of the Graduating Class—Geo. F. Manington, principal.

A Message to the Graduates—Mrs. Nellie N. Coffman.

Awarding of Diplomas—Francis F. Crocker.

A Gift From the Graduates—Mildred Potter.

The Class Song—The Graduating Class.

"Let's Bring New Glory to Old Glory"—Harry Warner.

Retiring the Colors—The American Legion.

Benediction—Chaplain Hayes.

Recessional.

Approve Appointment Of James Collins

Employment of James Collins as a patrolman on the Palm Springs police force was approved by city council Wednesday night on recommendation of City Manager A. E. Bailey. Mr. Collins was appointed to the police force by Chief of Police Lyle J. Sanard to replace Policeman Howard Hill who recently resigned because of ill health.

With the Boys in the Service

FERRYING DIVISION NEWS NOTES

459th Base Headquarters and Air Base Squadron, Ferrying Division, Air Transport Command, Army Air Base, Palm Springs

By Cpl. George Goodale

COLOR DOES THINGS

Although the gentlemen who edit Esquire magazine and the army haberdashers apparently do not see eye to eye on what the well-dressed young man will sling about his carcass, they do sort of squint through the same keyhole when it comes to color.

Flamboyantly colored cravats and neckties — neckties and handkerchiefs to us — bring out the spark and vigor in man, suggests Esquire, and denote the fact that he's a chap who does things in a big way.

Well, the Army, insofar as we have been able to learn, has other ways to uncover spark and vigor but apparently shares the feeling that colored decoration does denote big things, hence the many and multi-colored ribbons that so neatly adorn a soldier's chest after he has accomplished something worthwhile.

We got into this dissertation on color when we learned that one of our new officers, Capt. Joe R. McPherson, personnel officer, had been authorized to wear service ribbons for several theaters of operations. Out of curiosity we peered into his army record and we found:

That he began his army career as a cavalryman at Fort Oglethorpe in 1935 as a summer student in the Citizens' Military Training Camp. Eventually he became a soldier and eventually he became a flyer and that is where we became interested.

He learned to fly in 1941 and as 1942 had just turned the corner was assigned to the ferrying division.

Prior to joining this command two things in his record stuck out like Passaic, N. J., labels on a suitcase.

He made a record-breaking flight to one war theater.

He made one of the longest ferrying trips flown—17,000 miles one way—to another war theater.

But just to show that its small world after all, Capt. McPherson had lunch in Cairo, Egypt, with an Arab shiek who had worked in a picture in Hollywood with Doug Fairbanks, Sr. And ironically, at least to this ferrying pilot who knows the highways of the world better than the street names in Palm Springs, the name of the picture was "Eighty Days Around the World."

HE'S HAD ENOUGH

In case any of you have wondered why Junior, alias the Old-timer, withdrew his application for transfer to the para-troops, it's because he fell out of his top-deck bed the other day yawning.

ALL OUT FOR VICTORY

We thought we were through with stories about Waacs and men of our post, but we are not. This is a serious one and we tell it by way of congratulating Cpl. Delmar Bias on being one half of a married couple that has gone all out to win the war. Mrs. Mary Bias, his wife, is a master sergeant in the Waacs and is overseas. She was a secretary in civilian life and he has learned that overseas now she is secretary to one of the most important American generals.

Cpl. Bias has had foreign experience, too, spending two years in China with the navy and one year as a civilian. He has seen the devastation of a Japanese attack when he was among the evacuees who left a Chinese city when it was attacked from the air by planes dropping gas bombs.

PROP WASH

We've been asked to quiz S/Sgt. Arthur Podway on whose little pixie is Trixie . . . incidentally, this Podway chap deserves some praise, we believe . . . he called for a volunteer detail to help him beautify the Non-Com club lawn . . . many promised, none appeared . . . except Podway, who worked alone the entire evening and finished the job . . . wonder when we'll get some new brooms to sweep out the barracks . . . not that we are anxious to sweep, but some men have complained . . . Lt. Mike Frankovich and Lt. Jay D. Lockerby pass as two of the most polished story tellers we've heard of from the professional stage . . . S/Sgt. James Wotring is offering a reward for anyone who finds a valuable watch he lost . . . it's round, gold and of Swiss make with an elastic gold link band . . . he's more promotions this week . . . they're printed elsewhere in this paper.

REALLY A TREAT

Lt. Robert Waldron, we've been told, is taking the marital leap on June 1 when he marries Miss Jerry Childs in Palm Springs. All of which reminds us that the Village has been full of young lovelies the last few weeks. It's really been a treat. Our nomination for the most fetching is Mrs. Louis Prima, wife of the band-leader, who professionally is Alma Ross, Hollywood's leading Ha-

Lt. J. A. Casserly Celebrates One of His Biggest Weeks

Jefferson A. Casserly, 29, son of Mr. and Mrs. Jefferson Casserly, 396 North Palm Canyon drive, rates the week starting May 12 as one of the most important in his life.

On May 12 he was commissioned in the Medical Administrative Corps at the Officer Candidate school at Camp Barkeley, Texas, and now wears the gold bars of a second lieutenant.

On May 14 he arrived in Palm Springs, very glad to be here again.

THEN HE'S A FATHER

On May 16 his wife gave birth to a fine boy at Torney General hospital.

Lt. Casserly's class was the fifteenth to graduate from the Medical Replacement Training center at the Texas camp. With thorough training over a wide field, graduates of the course are now able to take up non-medical positions in the Medical Corps as release physicians for strictly professional work. The Medical Administrative program has already aided measurably in relieving the shortage of doctors in civil and military life. On graduation, Lt. Casserly was given a 10-day graduation leave before reporting to his new duties. He expects to go to Camp Livingston, La.

FIRST AT TORNEY

Lt. Casserly bears the distinction of being the first enlisted man to report for duty at Torney General hospital, when it was being established at the El Mirador hotel. That was over a year ago. Mrs. Casserly and the new boy are making the progress known as "doing nicely," Lt. Casserly reported.

Two Palm Springs Youths Train for Naval Commissions

So that they may better equip themselves to combat the enemy, two Bluejackets from Palm Springs have taken the first step in becoming petty officers by enrolling in the Gunner's Mate Service School, one of the several now in operation at the U. S. Naval Training station at Furfur, Idaho.

The course will last 16 weeks, during which time they will take an intensified course in this specialty. Instructors with many years experience in navy methods are employed, and the best equipment available is supplied for instructional purposes.

The Palm Springs men are: Charles Duard Riley, son of Mr. and Mrs. T. Riley, 223 W. Arenas road, and John Sutherland Redding, son of Mr. and Mrs. A. Redding, 448 Indian avenue.

waian dance performer and teacher.

FRIENDLY AND WORTHY

One of the good citizens of Palm Springs handed us a clipping from the Los Angeles Times which told about a Marine colonel who had returned to this country after commanding the air base of Henderson Field, Guadalcanal. It was the same marine officer, Colonel William J. Fox, the citizen said, who was going to take the site of our present field away from the ferrying division and use it for a marine field a year ago.

Capt. Paul Herbert halted that but we are proud to know that the marine officer behind the proposed move was a friendly foe worthy of the ferrying division's mettle.

IT'S SUPER FOOD

We talked to a navy ferrying command aerial engineer (name on request) who has stopped at this field many times and has been on dozens of other fields. Our enlisted chow, he said, is far superior to any of the other fields where he has eaten. Our own men who travel far and wide utter the same words.

Mill Creek CCC Camp Taken Over By Torney Hospital

The Mill Creek CCC camp in Mill Creek canyon, 11 miles back of Redlands, has been acquired by the Torney General hospital for a convalescent camp, it was announced Wednesday.

As soon as necessary changes are completed, convalescent patients will be moved to the mountain camp for the summer months, to aid and expedite their complete recovery. The camp will be especially used during the warmer months, it was said.

The exact time of the occupation of the new camp is not yet decided. A few necessary alterations have to be made and when these are complete, the transfer will be made. Men have been busy at the camp for the past few days getting it into shape. The camp is situated a few miles back from the mouth of the canyon at an elevation of 3500 feet. Mill Creek canyon has long been a popular summer resort spot.

Beam and Weise to Operate Village Pharmacy Fountain

Jack Beam and Homer Weise, experienced fountain and restaurant men, have leased the Village Pharmacy fountain and will operate it all summer, offering breakfasts, lunches and dinners as well as fountain service. They took charge of the fountain at the Village Pharmacy last Friday.

Both have been in that business for the past three seasons.

Thomas K. Miller left this week for his home in Hollywood after spending the winter season here. Mrs. Miller, who came down from the film capital a few weeks ago to join him, returned with him.

"Dugout" By the Legion Observer

BY HOSTESS MARIAN KUHN BUT IT WAS EATEN

... We're wondering how the boys at Torney General Hospital enjoyed the birthday cake . . . Seems that Private Somebody or Other's mother out New Jersey way got to thinking how NICE it would be if her boy in service was presented with the ALL IMPORTANT birthday cake . . . especially so since he happened to be a patient at Torney Hospital. She voiced her wishes to New Jersey's USO, who went into a huddle and wired an S. O. S. to the Chamber of Commerce here. With marching orders for one birthday cake, THE DUGOUT flew into action. A baker was consulted who was instructed to produce a super deluxe edition . . . and it was! (Maybe not the kind his mother used to make) but it looked SWELL!

It was a proud moment when the Dugout's representative delivered it . . . but he came back rather woe-be-gone we thought . . . The cake was delivered on the proper date and time alright, —but the only thing that turned out to be lacking was the birthday recipient! Understand he had left Torney just the day before . . .

BEWILDERED BUT HAPPY

Turning from birthdays to weddings . . . we wonder if the flustered and bewildered, in Seventh-Heaven-soldier FINALLY found the Justice of Peace office? Said he had left both his "girl" and marriage license there, and didn't know where to find them. . . . Talk about C I N D E R E L L A 'S WEDDING DAY!

THEY'RE REGISTERING

More and more service men are availing themselves of The Dug-Outs Room Registry Service. Accommodations are also made for visiting relatives, parents and friends.

HOSTESS SCHEDULE

The following hostesses are

Pfc. Henry P. Lotz Assigned to Radio School in Chicago

The elation over his appointment saddened by word of his father's death here, Pfc. Henry P. Lotz this week was assigned to Chicago to be trained as a radio operator-mechanic in the new air force technical school now operating in the buildings formerly occupied by the Stevens and Congress hotels and by Chicago's historic Coliseum.

His father, long in the employ of the city of Palm Springs, died last week at the Veteran's Hospital at Sawtelle following a long illness. He was a veteran of the Spanish-American war. Last rites were said this week at Sawtelle for Mr. Lotz.

Pfc. Lotz had been stationed at the army air corps field at Fresno. When he completes his training at Chicago, under Col. John F. Temple, he may be assigned to the communications section of the air force ground unit in a combat zone or, after further training as an aerial gunner, will have his place as radio operator in a bomber crew.

Pfc. Lotz is a graduate of Palm Springs high school and during civilian life was employed by the Douglas Aircraft corporation.

scheduled for Dug Out duty for the month: Hallie Hendrick, Viola Fraser, Miriam Persons, Marian Poole, Bunney Cuneo, Berenice Doro, Helen Williams, Pearl Cline, Marion Kuhn, Helen McCallum, Bess Lim, Mrs. Howe, Alice Vestal, Florence Spraggins, Hazel Hanson, Shellah Herd, Viola Taylor, Kathleen Wilson, Margaret O'Connor, Betty Glasgow, Eda Stuebing, Clema Granger, Ida Wood, Margaret Taylor, Rosalie Weber, Arlene Reel, Marcelle Barkow, Lillian Johnston, Dorothy Connell, Mrs. Marvin Ostrander, Fanny Ashcroft, Helene Hayes, Albertine, Flo Haag, Frances Winning, Jessie Bird, Lillian Fuller, Pearl Toy, Tillie Grimm and Martha Perry.

TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs
By T-4 Russel H. Genich

ART IN NATIONAL DEFENSE MAKING BIG STRIDES

'Tis said that the life of a patient is a tedious, non, productive period of waiting for recovery. Not so at Torney. Patient morale building and rehabilitation is a primary function of this hospital. Front line workers in this field are the "Art in National Defense" people, who come to Torney every Friday afternoon. These fine artists and artisans unselfishly donate time and talent to the business of giving the convalescents an opportunity to acquire an interesting (and perhaps profitable) avocation.

New Assignments Announced Today At Air Base Here

Activities at the local army air field, which is headquarters of the Palm Springs Group of the Ferrying Division, Air Transport Command, moved steadily forward this week as Lt. Col. Andrew B. Cannon, commanding officer, continued to assign officers to duties and promoted more enlisted men.

Arriving during the week were ten men to form the nucleus of a post band and it was announced that the size of this group will be steadily increased.

The men who arrived were Pvt. First Class Alvin Famularo, trumpet; Pvt. Robert C. Bickmore, saxophone; William R. Bilotto, piano and drum major; Loren W. Bird, trombone; Eugene N. Castagnoli, piano and arranger; Robert P. Schoen, trumpet; Robert P. Stern, clarinet and saxophone; Will H. Thurman, saxophone; Albert A. Tulumello, saxophone and clarinet; and Kenneth C. Winstead, bass.

NEW ASSIGNMENTS

Additional officer assignments were:

Maj. Albert E. Higgins, A-2 and group intelligence; Lt. John R. Koller, base legal and claims officer; Lt. Simon Miller, assistant base legal and claims; Lt. Delille O. Ullrich, assistant base operations; Capt. Mack Bell, assistant group engineering; Capt. John G. Tyner, base intelligence; Capt. Paul H. Sampliner, post exchange; Lt. William H. Dendle, Jr., assistant post exchange.

Lt. William A. Brennan, army emergency relief; Lt. Bernard N. Lake, insurance and travel; Lt. Worth F. Johnson, base administration inspector and fiscal officer; W O (g) Henry C. Young, assistant base administration inspector, and Lt. Leonard Pede, assistant group communications officer.

Ribbons for service in different war theaters were awarded to Capt. Joe R. McPherson, Lt. William J. Saunders and Lt. William Bold.

FOURTEEN HONORED

In recognition of excellent character, soldierly qualities and diligent pursuit of their studies and having attained a high proficiency in aerial engineering, 14 men were named aerial engineers and authorized to wear the wings of crew members. They are: M-Sgt. William H. Bright, M-Sgt. Thomas F. Rogers, T-Sgt. Douglas L. Erickson, T-Sgt. Herman E. Metz, S-Sgt. Ashby H. Abernathy, Sgt. Edward J. Smith, Sgt. Frank Tarantino, M-Sgt. Sid E. Homan, M-Sgt. William G. Sallis, T-Sgt. Albert E. Dade, S-Sgt. Willis E. Norwood, S-Sgt. Eli W. Tracy, S-Sgt. Jesse J. Welch and Cpl. Edward H. Tonn.

Sent to an airline conditioning school were Pvt. First Class James A. Bartholmew, George B. Brody, Franklin H. Cole, Harold W. McAlwain, Frank P. Reed and Albert Rowe. All were promoted to Pfc. just before leaving.

MORE PROMOTIONS

Off to a cooks and bakers school went Cpl. Frank J. Mittler and Pvt. First Class Maurice D. Norbeck.

Enlisted men receiving promotions were: To staff sergeant: Edward J. Smith, Frank A. Tarantino, Michael T. Vecey, John W. Glosson, Ray L. Feuerbacher.

To sergeant: Bonnie E. Carpenter and Roy R. Williams.

To corporal: Jesse A. Davis, Herman J. Fingerhuth, Johnnie N. O'Reilly, G. W. Rasch, James B. Steelman, Richard C. Tharp, Anthony J. Tittel, Roy W. Bobbs, Morris H. Davis, Bill Dyer, Delbert L. Hagerty, William H. Fey Jr., Rudolph J. Hora, Armond G. Keller, Walter Keys, Thomas R. Stephenson, Oscar Brown, Ward H. Matlock, and Jack Freeman.

To private first class: Leland G. Newton.

Village 5-10 Will Be Open All Summer

Kenneth DuBose of the Thrifty 5-10-25 and the Village 5-10, announced this week that the Thrifty, at the corner of Amado road and Palm Canyon drive had closed for the season Sunday. The Village 5 and 10 will remain open all summer, he said.

Each Friday afternoon session finds an average of 100 ambulatory patients busily employed at one of the various arts or crafts. Sketching, clay modeling, wood carving, leather tooling, portrait painting, weaving and belt making are offered. In addition, instruction groups go into the wards to give the bed patients an equal opportunity to participate. A recent exhibit of products of the patients' efforts in the Red Cross building offers proof perfect that "Art in National Defense" is doing a fine job.

Miss Janet White of Redlands is the local coordinator and heads the group of about ten people who come here weekly. Miss Betty Davidson, Palm Springs resident, handles supplies and other arrangements necessary to proper functioning of this organization. Mr. Sherman Danby is the managing director.

SOMETHING TO SHOUT ABOUT

This one's about a former Sergeant Major at TGH, M/Sgt. Jefferson Casserly, "Cass" to his friends, left the hospital three months ago to attend O. C. S. Mrs. Casserly stayed behind in Palm Springs to await the arrival of the Casserly heir. For three long months, while Cass was at school battling the elements and combating the rigors of the stiff routine dish to the officer candidates, an occasional letter was the only communication with his wife. Last week wrote finish to O. C. S., and in 48 brief hours Cass was back in Palm Springs sporting gold bars and looking lean, but fit, and in the "pink". Mrs. C. was overjoyed to have Lt. C. at home.

This short short had a happy ending. At this point the fates set to work. The day after his homecoming, Mrs. C. was taken to the hospital and shortly thereafter the Lieutenant was informed that he was the father of a bouncing seven pound baby boy. Mother and baby, Jeffery Lynn, are doing well, and Cass agrees that he has a double portion of something to shout about.

TORNEY SPORTS

Torney's athletic program has acquired an additional "punch" since the arrival of the colored Sanitary units at this hospital. Both the 737th and the 742nd Sanitary Companies have placed, what promise to be formidable teams in the newly organized league. Still in need of practice, and somewhat erratic, they make up in spirit, aggressiveness and fight what they fall short of in team play and finesse. Special Service Officers Lieuts. Robert G. Waffle and Philip W. Chambers promise an interesting season of league baseball to the other contenders.

The 737th and 742nd Sanitary Companies tackled each other in their initial appearance in the league, with the 742nd finally winning out in a slugfest 14 to 13.

On Monday evening, May 10th, the 22nd General Hospital team turned in a 13 to 9 victory over a hard fighting 742nd Sanitary Co. team. T/Sgt. Armstrong slashed out a ripping four bagger for the losers.

The TGH enlisted men moved on to their second victory in as many starts in the local service league. The game resulted in a merry-go-round with the entire Torney lineup connecting for at least one safe blow. Catcher Hillmer banged out a home run and several other base blows and pitcher Leslie had three doubles to fatten his batting average somewhat. Leslie also turned in another good performance on the mound and added another victory to his mounting total.

STUFF AND MORE

Promotions galore this week in these parts. The Medical Section announced the following: T/4 Royce E. Smith to Staff Sergeant, T/4 Harry H. Stern to Tech 3rd Grade, Cpl. Wilmer Watson to Sergeant, T/5 Forrest Van Dorin and T/5 Charles Tuttle to Tech 4th Grade, Privates 1st Class Chas. A. Krieger, Albert O. Risley, Joe E. Cornelison and Warren G. Rankins to Technicians Fifth Grade, and Pvt. Fred R. Cernak to Corporal.

Society

William A. Malouf Home Is Scene of Delightful Affair

One of the most delightful weekend parties of the season was the cocktail party and barbecue given by Mr. and Mrs. William A. Malouf at their pleasant home at 279 Via Las Palmas.

Everyone enjoyed the singing to the strains of a ukulele played by Aggie Auld, who also entertained with some beautiful hula dances, also the lovely piano selections played by Miss Mercedes Withers and by Miss Mary Maguire of San Francisco.

Dancing under the stars in the patio featured the evening.

Guests of Mr. and Mrs. Malouf were Mr. and Mrs. Earl Gibbs, Mr. and Mrs. Frank Dabbs, Mr. and Mrs. Fred Nassour, Mr. and Mrs. Charles Mathews, Mr. and Mrs. Kenneth Kirk, Mr. and Mrs. Arthur Frost Jr., Mr. and Mrs. George Roberson, Mr. and Mrs. George Burroughs, Mr. and Mrs. Allen Murphy, Dr. and Mrs. Bacon L. Clifton, Lt. Comdr. and Mrs. James Oliver, Mrs. Ona Brown, Mrs. Anita Walton, Mrs. Jacqueline Ames, Mrs. Ann McLaughlin, Mrs. Evelyn Mitrey, Miss Dorothy Richmond, Miss Jane Worthington, house guest of Mrs. Ona Brown, Miss Jacqueline Freeman, Miss Katherine Khury, Capt. Charles Wood, Capt. John Healy, Capt. Frank Fisher, Lt. L. Thompson, Loren Holmwood, Vance Booker, Samuel Chudecoff, Paul Belding, Ray Anderson and Harold Maundrel.

"You certainly want me to look as nice as Jim's wife, don't you?" "No, if you do, Jim would be trying to get you away from me."

Desert Wives Put In Another Busy Session of Work

Another busy session was staged Tuesday by the Desert Wives club composed of wives of officers now stationed at the Desert Training Center, who are living here.

With Mrs. C. H. White, wife of Brig. Gen. White, in the chair, the club met at the Fiesta House, Desert Inn, to work for the hospitals connected with the training area.

With approximately 60 present, 17 bedside bags for patients were made and 1700 bandages rolled. The club meets every Tuesday at the Fiesta House.

Summer Schedule Goes Into Effect At P. O. on June 1

Postmaster R. M. Gorham Wednesday announced the summer schedule at the Palm Springs post office, effective June 1 to September 30. Greater service than is usual in the Village during the summer months, will be available this year.

There will be three outgoing mails, the closing hours for which were announced as 11 a. m., 5 p. m. and 7 p. m.

ONE ON SUNDAYS

On Sundays there will be but one dispatch of mail from the local office, closing time for which will be 5 p. m.

Incoming mail will be distributed daily to boxes and general delivery mail at 8 a. m. and 3 p. m. On Sundays, except for the delivery of special delivery mail, there will be no distribution to boxes or otherwise for the period between June 1 and September 30.

CARRIER DELIVERY

City carriers will make two trips daily except on Saturdays and Sundays, one in the morning and one in the afternoon. On Saturdays, city carriers will make the morning trip only. There will be no deliveries on Sunday.

For military reasons, Postmaster Gorham said, the office will not be closed at noon on Saturdays. Windows will be open from 8 a. m. to 6 p. m., except the money order window which will be open from 9 a. m. to 5 p. m.

Health Center Will Close During August

The Palm Springs Health center will remain open this summer with the exception of the month of August, Mrs. Madge Holderman, public health nurse, said today.

She will be at the center throughout June and July to assist Villagers.

Mrs. Cunningham in Texas on Vacation

Mrs. Eva Cunningham, member of the city hall staff, is enjoying a brief vacation visiting with her family at Amarillo, Texas.

Upon her return to her home here she expects to bring her two sons with her.

Prominent Winter Residents Honored Guests at Party

Two winter residents, prominent in Palm Springs social circles throughout the waning season, were guests of honor Sunday night at a dinner party, one of the most colorful of the season, given by Mr. and Mrs. Frank Davies at their beautiful estate here.

The affair honored Mrs. Ona Brown and Mrs. Anita Walton.

Dancing in the open under the moonlight was a feature of the evening. Aggie Auld, noted exponent of Hawaiian dancing, presented some of her charming hula numbers in native costume against a tropical setting of palms.

Present were Lt. Col. and Mrs. A. B. Cannon, Col. and Mrs. George Maloney, Lt. and Mrs. Michael Frankovich, Mr. and Mrs. William A. Malouf, Mr. and Mrs. Kenneth Kirk, Mr. and Mrs. Darsie Lloyd, Mr. and Mrs. Arthur Frost Jr., Mr. and Mrs. J. A. Dempsey, Mr. and Mrs. Earl Strebe, Mrs. Upham Bigelow, Mrs. Ann McLaughlin, Mrs. Pearl Livingston, Mrs. Zaddie Bunker, Aggie Auld, Thelma Gresham, Lois Andrews, Esther Nassour, Carol Malouf, Katherine Khury, Col. Usanin, Col. H. Boyd, Major Frank Thornquest, Major J. P. Gregg, Capt. Charles Wood, Capt. R. C. Livingston, Capt. Frank Fisher, Capt. N. E. Corey, Lt. Jack London, Lt. Joseph DeBain, Lt. Thompson, Lt. E. Semmott, Lt. Runyan, Lt. W. Lake, Harold Maundrell, Loren Holmwood, Robert A. Gibson, Ralph R. Thompson, and others.

Millard Wright Is Out of Army, Back At His Old Trade

Millard Wright who formerly was engaged in the house-moving and tree-moving business here for many seasons until joining the U. S. Army, has been honorably discharged from the service.

He plans to return to the house-moving business making his headquarters here. At present, he has a large government contract for house-moving in Torrance.

Mr. Wright moved all of the large palm trees which were transplanted here some seasons ago. The two large palms which stand at the northern entrance to the city were moved there by him.

This Bird Knows Positively Where It Wants to Live

Here is a bird that has made up its (police reports failed to specify whether it was Mr. or Mrs.) mind as to where its home is.

A few days ago Mrs. Alpha Ferdon of the El-Casa-Don, 1551 North Indian avenue, telephoned police that a homing pigeon was making itself at home there, would they come and get it as it seemed a valuable bird.

Two M. P.'s would—and did. At the police station they took it out of the box they had placed it in to examine the tag—when it literally "flew the coop."

"Oh, well, it's probably winging its way home now," said the M. P.'s resignedly.

But it didn't—for the next day Mrs. Ferdon called again. The pigeon had returned and was again making itself thoroughly at home at the El-Casa-Don.

Paul Murphy Back From Navy, Again Busy at Patterson's

Paul Murphy, who operated fountains in Palm Springs for four or five seasons before joining the navy a little more than a year ago, has been discharged and will resume his former activities here.

Just prior to entering the naval service he was operating the fountain at the Palm Springs Drug company and on his return from service, resumed the operation of the fountain there for H. E. Pat Patterson.

He will also operate the Lake Arrowhead Coffee Shop, another Patterson enterprise, and will spend most of his time at the mountain resort but will also have charge of the local fountain.

Clean Water Necessary
Clean water in plentiful amounts is one of the cheapest materials to help produce pork in hot weather. Hogs need water to drink, to cool them in their yards, and to keep them alive on the road to summer markets.

Pay Telephone Bills before the 30th and receive your discount.

60 Alhambra Girls Journey to Desert With USO Caravan

By GAIL SOLLENDER
Though a sudden, swirling desert storm did its persistent best to change the name of the "Sun and Sand Caravan" to "Wind and Sand Caravan," 60 Alhambra USO girls braved the temperamental tantrums of the weather last weekend, May 15 and 16, to be guests of the non-commissioned officers of Thermal Army Air Base, under the sponsorship of this newest USO Mobile Service Unit.

FILL TWO BUSES

Two busloads of junior hostesses, headed by Mrs. George E. Bettinger, activities director of the Alhambra USO, were invited to the desert by the non-commissioned men of Thermal, who recently completed work on their new club at the base, where dancing, swimming and outdoor games are available.

The group was met by Mrs. Margaret Van Derwerker, head of the Sun and Sand Caravan, Sgt. Arthur C. Ward, and Sgt. T. A. Irwin, chairman and vice-chairman of the club respectively, who escorted them to the army mess halls for dinner.

DANCE IN OPEN

Earl Fields, San Bernardino orchestra provided the music at the dance which followed in the outdoor pavilion of the club grounds. Sunday morning, after a army "chow," the girls returned to the Non-Com club for dancing and a special jeep demonstration. The caravan returned to Alhambra early in the afternoon.

Assisting Mrs. Bettinger were Mrs. Fred Gebhart, Mrs. Esther Snell and Mrs. Bessie Coleman, as chaperons; and Mary Catherine Moore as senior hostess.

Two More Clinics At Health Center This Season, Word

Next to the last in a series of important clinics held at the Palm Springs Health Center, 299 East Amado road, two clinics will be staged next Monday and Tuesday, May 24 and 25. Mrs. Madge Holderman, public health nurse for Palm Springs announced this week.

A pre-natal clinic will be held Monday and the child welfare clinic Tuesday. Dr. Mildred Van Cleave, county pediatrician, will be in charge, assisted by Mrs. Holderman.

Final pre-natal and child welfare clinics for the current season will be held the last Monday and Tuesday in June. These clinics will be resumed next fall.

Mrs. Holderman reminded mothers who wished to take advantage of the immunization program at the health center for their children, to be sure to be present at next week's clinics because there will be but one more there until fall.

Stuart Pickering's Parents of 9-Pound Boy Is Word Here

Word was received by friends in Palm Springs this week of the birth of a nine-pound boy to Mr. and Mrs. Stuart Pickering.

Mr. and Mrs. Pickering are well known in the Village. Both had been residents here for several years when they were married May 4, last year. She was the former Vera Speas of San Francisco. They were wed at Yuma.

Both mother and the new boy, who was born on May 13, at Sumner, Wash., are progressing nicely.

Mr. Pickering is employed at the Tacoma shipyards but says he will bring his wife and son back to Palm Springs as soon as the war is over.

Pay Telephone Bills before the 30th and receive your discount.

YELLOW CABS — PHONE 4444

Palm Springs Girl Now a Member of Marine Auxiliary

Antoinette Keshish, who made her home here in Carnell Court, while employed as hairdresser and cosmetologist at Annette's Beauty Salon, has the distinction of being the first Palm Springs resident to enlist in the Women's Reserve of the United States Marine Corps.

She became a Marine when she took the oath from Captain Russell A. Smith of the Marine officer procurement office, 411 West Fifth street, Los Angeles. He instructed her to stand by for orders to go to Hunter College, New York City, for her indoctrination course.

When she completes this she will be assigned to a base to relieve a male Marine so that he can go to the fighting front.

Dr. Henry S. Reid Closes Hospital For Summer Season

Concluding their sixteenth season here, Dr. and Mrs. Henry S. Reid, Saturday closed the Reid hospital and clinic and prepared to go to their summer home in Estes Park, Colo.

With their son, Lt. Henry S. Reid Jr., they spent a few days at La Jolla as guests of Major Reuben Flett before departing for the summer. Dr. Reid maintains offices at Estes Park which he expects to open around June 15.

Lt. Reid left the early part of this week for Brooks Field near San Antonio where he is assigned with the Army Air Corps.

Patients Grateful To Red Cross for "Scuffle" Slippers

Hand made slippers of the "scuffle" type furnished by the local Red Cross production corps and other groups have brought many sincere thanks from patients to the Red Cross at the hospital, according to Miss Ruth E. Thomas, field director. Doctors and nurses have also expressed their appreciation of the footwear for the patients who find them heavy to wear after a long stay in bed.

The Palm Springs branch of the Red Cross has kept a supply coming to the hospital continually for the past six months. The slippers are well made, attractive and useful. Another donation has come from the Good Citizenship Pilgrimage group of the Daughters of the American Revolution, who sent 112 pairs made by the girls as their annual project. The work was done under the direction of Miss Patricia Prouty, superintendent of the school music department for Riverside schools.

Another large shipment has been received from the American Women's voluntary services of North Hollywood.

Mrs. Dora L. Huffaker, of 267 South Cahulla road, has gone to Van Nuys to spend the summer months.

Pay Telephone Bills before the 30th and receive your discount.

Indians Become Rail Workers

Helping the iron horse perform its big war job, these Navajos work on Southern Pacific tracks near Yuma, Arizona. They are part of a large crew of Indians recently recruited by the railroad to help relieve an acute shortage of section hands. S. P. is also using all-Indian section gangs at various points on its Pacific lines, and is hiring many students and businessmen for weekend track work.

"I Rise to Remark"

By CONGRESSMAN JOHN PHILLIPS

The column interrupts this discussion of the "Four Philosophies" long enough to submit a simple example of the effects of present regulations on food prices. Remember please that the objective of all this OPA regulation and control is to keep prices DOWN for the consumer.

The following analysis is for Idaho potatoes on the New York market. In each step the OPA regulation controlling the price is given (in the parentheses) by date or number or both.

The ceiling price to the farmer for April 1943, U. S. No. 1 Idaho Russet Burbank potatoes, in 100 lb. sacks f. o. b. Idaho was \$2.30

(OPA-MPR, April 8, 1943, 1351-1017 Amendment 9.)

This includes an allowance of 25c for grading labor, and sacking. The empty sack costs the farmer 15c.

To this 10c may be added for quality labelling, "U. S. No. 1 Extra" (1351.1017-a No. 1-) making \$2.40.

10c may be added for size; 2 inch minimum potatoes (1351.1017-b No. 2-) \$2.50.

An allowance for "risk in Transit" of 10c makes it \$2.60 (MPR 271-1351.1002 -e- Dec. 21, 1942).

Freight, Idaho to New York, is \$1.10 plus 3% tax, making it \$3.73.

The cost to the "Service Wholesaler" that is, the cost on delivery in New York is therefore \$3.73 and this wholesaler may add 21% including delivery charges. If he sells "cash and carry" he may add 9 1/2%. The usual addition is 21%, making the price \$4.51.

The "Second Wholesaler"—or Jobber—who sells to the retail trade, may also add 21%, making the price \$5.46. (Nov. 7, 1942, MPR 271 1351.1003-3 Class 3-5).

The Retailer may mark-up the potatoes, for sale to the consumer, on a varying scale, worked out on a basis of the gross business he does. The average is 33%. This makes the price of the 100 lb. sack of potatoes to the consumer \$7.28. Since they're sold in smaller quantities, let's say simply that the farmer got 2.3c a lb. and the consumer paid 7.3c a lb.

Quite a well regulated plan isn't it? Not to mention complicated. Now let's see how it could be done. I have before me as I write this, a letter from a well-known jobber in New York City. He sets up a comparable schedule, taking the present price to the farmer of \$2.30 as a base and figuring the additions as they were figured prior to OPA. He says the wholesalers and jobbers would be very willing to sell on this basis.

Price to farmer, \$2.30; add freight plus 3%, \$3.43; add 10c for

Prospects of Help In Street Repairs Brighter, Report

Prospects of increased state and federal aid to Palm Springs in street maintenance are bright, City Manager A. E. Bailey told city council Wednesday night.

At a recent visit here of Senator Sheridan A. Downey and a federal commission, the city broached the matter of deterioration of streets due to heavy army traffic and at the recent session of the state legislature, the same problem was raised and action taken to aid cities.

City Manager Bailey is studying the recent legislation to determine steps needed for relief of Palm Springs, whose streets are being battered by constant convoys and heavy army traffic.

Bill Keyes...

(Continued from page 1)

Banning sheriff's office repeated the statements made to him by Keyes, who is reported to have made a full confession of the shooting which resulted from an argument over the use of a road through the Bagley property.

McCracken said Keyes had told him that he was enroute to pump some water for his cattle when he came to a sign in the middle of the road warning him to keep off the Bagley property. He said he climbed out of his car and walked south, when he saw Bagley coming toward him in a crouched position, and that Bagley took a shot at him with a revolver.

NAME KEYES AS SLAYER

Keyes told him, the officer said, that he got his 30 automatic rifle and fired three times at Bagley and that Bagley fell. He was not sure whether he was badly hurt or not. Without going to investigate, he went back home, prepared his lunch, changed his clothing, came back to the pump, repaired the magneto, pumped water for an hour and a half and then surrendered to the police.

The jury, after deliberation, announced the opinion Bagley came to his death as "the result of gunshot wounds at the hands of William F. Keyes." Members of the jury were E. R. Hinkle, foreman, Joseph L. Hickey, Carl G. Barkow, Thomas B. Coalson, J. B. Smith and Daniel Jacobsen.

Request for School Permit Is Referred

Request of John W. Williams, local realtor, that a permit be granted Mrs. Joyce K. Naftelstein to conduct a children's school to be known as the Sunshine Nursery school at 419 North Palm Canyon drive, formerly a clinical laboratory, was referred by city council to the planning commission.

Uniform Curfew Law For County Studied

Discussion of a uniform curfew law to cover incorporated and unincorporated territory occupied county supervisors Monday.

Cities of the county may be invited to send representatives to Riverside to plan such a law. Supervisors referred a county curfew law back to County Counsel Earl Redwine for study.

Disconnected Gas Hose Starts Fire

A gas hose which became disconnected and let fumes escape was held the cause of a fire at 10 a. m. Thursday in the apartment occupied by Hoyt Holden in Hatchitt's court.

The gas ignited from a pilot light but efficient work by the fire department under Chief Bill Leonosio held the damage to a nominal figure.

risk, as above, \$3.53; wholesaler adds 15c, \$3.68; jobber adds 15c, \$3.83; allow the retailer an average mark-up of 33%, \$5.10.

He has not allowed the quality and size additions, which we should do in making a fair comparison between the price schedules. For these add 20c. Also the jobbers 15c does not include cartage. Perhaps an average 20c would cover that. I am guessing on the average cartage cost, but I make a fair comparable total of \$5.50.

The farmer would get his 2.3c per pound, as before, but the consumer would pay 5 1/2c instead of 7.3c.

The OPA (established to keep down prices) has in the case shown here raised the price approximately 2c a pound to the housewife.

A following column will show that under the food control program of World War I food costs increased 15.1% in the first 15 months of the war, while in the first 15 months since Pearl Harbor, under the protective control of OPA, the increase has been 18.7%.

Room Number Added

Righteous was the wrath of a Kansas City hotel guest when he found two mysterious items of \$6.20 each on his bill of \$23.60. His objections caused the management to check over the charges. Apologies came when they found that the guest's room number, 620, was entered on each bill.

Earlier Hours of Worship Success Says Rev. Hogarth

The earlier hours for summer services, 7:30 and 9:30 a. m., are proving a great success and adds to the comfort of the worshippers, the Rev. Robert M. Hogarth, vicar, said today. Next Sunday, May 23 at 9 a. m. British Empire Day will be remembered in the vicar's sermon, "No Waste in God's World." Little children coming with their parents enjoy the lesson outdoors in the shade during the sermon period.

The new Hobart Garlick Memorial Fountain will be dedicated this Sunday with appropriate ceremony. The memorial plate bears the simple inscription, "In Memoriam Hobart Garlick by His Friends." All friends, especially those contributing to this memorial are invited to be present.

SIX CONFIRMED

Six new members of St. Paul's in the Desert were confirmed at a special service late Thursday afternoon by the Rt. Rev. Robert Burton Gooden, D. D., Bishop Suffragan of Los Angeles: Margaret Cree, John Taft Chaffey, William Taft Chaffey, Mary Louise Klug, Prescott Stevens Nichols and Paul Redding Mashburn.

A dinner was held in the Doll House immediately following the confirmation service in honor of the bishop and other guests. Among those present were Bishop Gooden, Rev. Robert M. Hogarth, Captain and Mrs. C. L. Conder, Mrs. Henry R. Fell, Deaconess Ethel E. Spencer, Mrs. Eber D. Kanaga, Mrs. John S. Hobson, Mrs. A. C. Vestal, Mr. and Mrs. Frank W. Camp, Mr. and Mrs. Raymond Cree, Mrs. H. Earl Hoover, Jack Hoover, Bob Hoover, Mrs. Lillian V. Fuller, Miss Helen McCullum, Mrs. Frank S. Roberts, Mrs. Laura K. Carey, Miss Eileen Carey, Billy Carey, Mrs. Grace Clubb, Mrs. Banksby and Mrs. Paul Rogers.

SERVICES ON DESERT

Bishop Gooden, Rev. Hogarth and Capt. C. L. Conder were guests on Friday of Capt. Henry R. Fell, chaplain of the 434th F. A. Bn., 7th armored Divn., at Camp Coxcomb. The afternoon was spent in thrilling experiences, including an eight mile dash across the desert in an M-7 tank. In the evening at a rough stone altar built by the men for the camp services the bishop confirmed five men and admitted 21 men to the Brotherhood of St. Andrew. A thrilling and impressive ceremony. The guests were brought and returned in a staff car.

CHRISTIAN SCIENCE CHURCHES

The Golden Text in the Sunday Lesson—Sermon on "Soul and Body" in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, is selected from II Corinthians: "We all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, even as by the Spirit of the Lord."

"Which of you by taking thought can add one cubit unto his stature? And why take ye thought for raiment?" Thus did Jesus question his listeners in a Lesson-Sermon passage from Matthew, and he added: "Consider the lilies of the field, how they grow; they toil not, neither do they spin: And yet I say unto you, That even Solomon in all his glory was not arrayed like one of these. . . . Therefore take no thought, saying, What shall we eat? or, What shall we drink? or, Wherewithal shall we be clothed? . . . But seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you."

On this subject Mary Baker Eddy writes in "Science and Health with Key to the Scriptures": "The divine Mind, which forms the bud and blossom, will care for the human body, even as it clothes the lily; but let no mortal interfere with God's government by thrusting in the laws of erring, human concepts."

Morning Worship At 10:30 A. M. at Community Church

Morning worship at the Community church will be at 10:30 o'clock next Sunday with the Rev. J. R. Macartney presiding. Bible school class will be held at 9:15 a. m.

Next Sunday Lieut. Jack Rodgers of the Desert Training Center, will be at the organ. Lieut. Rodgers hails from Wilkinsburg where he was organist and director of a boys' choir of a large church.

The discovery of the talented organist was made by Mrs. Paul Payne, regular organist, last Sunday and Lieut. Rodgers was persuaded to take charge this Sunday.

The annual baccalaureate service for the graduating class at Palm Springs high school will be delivered Sunday evening, May 23 at the Community church.

WITHOUT DISGUISE

Were we to take as much pains to be what we ought to be, as we do to disguise what we really are, we might appear like ourselves, without being at the trouble of any disguise at all. — Rochefoucauld.

Canning Sugar Procedure Changed

Switch in the procedure by which Southland housewives may obtain sugar for home canning was announced this week by Paul Barksdale d'Orr, Southern California OPA Ration Chief.

Instead of going to local ration boards to obtain "sugar allowance coupons," for use in buying canning sugar—as was previously announced, housewives will now use sugar stamps in war ration book One for obtaining part of their canning allotments.

Although full details of the plan are not yet available, d'Orr said that he understood two stamps in Book One will be designated as "canning sugar" stamps, each good for 5 pounds. Consumers who require more than the ten pounds per person for canning will apply to their local boards for an additional allowance up to 15 pounds, or a total supplemental rations of 25 pounds.

The change in plans is expected to relieve ration boards of the need of handling hundreds of applications for sugar.

d'Orr wired all ration boards in the area not to act on any application for additional sugar, until full details of the new program had been received and studied.

The ration chief pointed out that Southern California is one of the nation's high spots for home canning. An average of 3 pounds of sugar for every one of the 4 1/2 million persons in the 11 counties comprising the Southland was issued last year (April 1, 1942 to April 1, 1943), d'Orr declared.

Agreement for Street Maintenance Approved

City council Wednesday night approved an agreement with the state highway commission for use of the city's 1/4 cent gasoline tax allotment for use on state highways in Palm Springs city limits and also for the maintenance of other streets in the city of major importance.

VEGETABLE OILS

United States vegetable oil technicians have recognized Brazil as the world's greatest potential source of vegetable oil exports. Millions of oil-bearing trees grow wild in the tropical areas of northern Brazil. The big problem is to obtain labor and transportation.

AT LAST

Instructor: "Great Scott! The engine's missing and the propeller blade has snapped."

Cadet (on first flight): "Thank goodness! Now we can go down."

Motorist (halted for speeding): "Please overlook it this time, officer. I was dashing to town to see my lawyer on urgent business."

Policeman: "That's fine. Now you have some more news for him." — Atlanta Two Bells.

Two New Members Arrive for Torney Red Cross Staff

Two new members have been added to the Red Cross staff at Torney General hospital during the past week, with the arrival of Christine McCullough, social worker, and Helga Swenson, recreation worker.

Miss McCullough comes from Eastern Oregon, where she was county administrator for the Oregon State Welfare Commission of Walla Walla County. She attended both the University of Oregon and California and received special training in Washington, D. C., before coming to Torney to work for the Red Cross.

The addition to the recreation staff is Miss Swenson, whose home is in San Francisco. Miss Swenson attended the University of Minnesota and majored in English and music. She taught school in Iowa before coming to the west coast, specializing in music, art and dramatics. Miss Swenson comes from Hammond, General hospital in Modesto, where she has had five months Red Cross experience.

Howard Olson Back From Hospital Stay

Howard O. Olson, manager of the Southern California Gas company who underwent a serious operation at a San Bernardino hospital several weeks ago, is back in Palm Springs again, consulting at his home, 1542 North Palm Canyon drive.

It will be some time before Mr. Olson is able to resume full time activities at the Gas company office, 1534 North Palm Canyon drive.

Here's a hint for the workshop: In filing a saw, first smoke the teeth with a lighted candle. This will make it easy to see the fresh filing and to hold the file at the right angle for the job.

Mrs. Parry Moves Accounting Office To Larger Quarters

Mrs. Alice Parry, who a few weeks ago opened an accounting office at 344 North Palm Canyon drive, found her business expanding so rapidly that this week she moved across the street to 337 North Palm Canyon drive, to the offices occupied by the late Dr. John H. Becker.

Mrs. Parry is handling the accounts of many Palm Springs business firms.

She is remodeling the building to suit the needs of her business.

Marriage License Issued Villagers

W. W. Benz, 23, and Dorothy M. Hyman, 20, both of Palm Springs, were issued a marriage license yesterday at the court house.

They were the first local couple to gain a license, without the three-day wait, since the 'gin-marriage' law was repealed.

Peak and Pine Girls School to Open Soon

Peak and pine camp for girls, in the San Jacinto mountains, at Idyllwild on the banks of Strawberry creek is preparing to open its regular season July 2. Situated in the heart of the mountains, the camp under direction of Harriet A. Snyder, offers girls from eight to sixteen years of age a restful and zestful summer recreation spot.

All sorts of sports and woodcraft are included in the program which starts July 2 and comes to an end on August 13.

1000-Bed Hospital Only Temporary One Says Army Agent

The 1000 bed army hospital proposed for the San Geronio Pass is not to be a permanent hospital according to a representative of the War Department who called at the Gilman Home Ranch last Thursday and informed Arthur Gilman the lease on the property selected will be for the duration of the war.

The War Department representative was C. N. Sheets, 610 Hope street, Los Angeles, War Department, U. S. Division Engineer, Real Estate Branch. He told Arthur Gilman the Gilman Home Ranch was the property the War Department had decided to lease as it was the only one that met all the qualifications. He also told him that the part of the ranch, which the War Department desires to lease, is one hundred acres near the old family home. The Department is unwilling to take that part of the ranch nearer the highway, he said, because it has a wash through it.

The Gilman Home company has its own water right, the water coming from a canyon north of the ranch buildings. If the government takes over the acreage, which has been picked for the hospital site, it will be impossible for the family to farm any part of the ranch, Mr. Gilman said.

For this reason and two others, members of the Gilman family stated they did not intend to lease that part of their property for the hospital. One of the other reasons is the low rental offered by the government. It is understood to be less than \$5 per acre per year. The third is that the land would

probably be in no condition for farming after the hospital buildings were removed.

Members of the Gilman family did not know that their property was being considered as the location of the proposed hospital until after seven or eight sites had been partly surveyed by army engineers and the choice had narrowed down to three sites, the Gilman property, a property between Banning and Beaumont and one north of Beaumont.

The Gilman Home Ranch was the home of James Marshall Gilman and his wife, who was Martha B. Smith, daughter of Dr. and Mrs. Isaac William Smith, the first white family to settle in the Pass. Banning's first permanent landmark is located on it. It is part of an old adobe house built in 1854 and used for years as a stage station. Two members of the second generation of the Gilman family now live in the home. They are Arthur Gilman and his sister, Miss Mable Gilman. It is one of the finest pieces of property in Banning. It slopes gently from the foothills so all the property can be irrigated from the canyon to the north, and from the home there is a magnificent view of the San Jacinto mountains and the desert.

Subject A Exams At S. B. J. C. May 22

High school seniors in this area who intend to enter any junior college or university will take the Subject A examination given by the University of California at the San Bernardino Valley Junior college on Saturday, May 22, from 1:00 to 4:00 p. m. Attention is called by the university to the afternoon schedule this year.

The examination, which is to measure a student's preparation in English, is required of freshmen entering any college in the state. Application blanks for the examination must be obtained from high school principals.

HIS LINE

An American visitor drifted into one of the big London bookshops and said he wanted something to read. Soon his eye fell upon Sir Charles Petrie's biography of an eminent British statesman, published under the simple title of "Canning."

"I'll take that," said the American. Then he added: "I'm in that line of business, anyhow." — Tit-Bits.

Gasoline stored on the premises for the future often means there won't be any future.

Motion Pictures Start at Hospital For Ward Patients

Moving picture shows in wards where there is a large number of bed patients were started this month at Torney General hospital by the Red Cross, according to Miss Ruth E. Thomas, field director. While waiting the arrival of a 16-mm. sound projection machine to be furnished by the National Red Cross, the pictures have been made possible by the local schools.

Both the machine and projectionists have been furnished through the kindness of Miss Katherine Finchey, supervisor of the Desert school district. Teachers from the school have given their evenings to come to the hospital to run the machine, so that the patients unable to attend the shows in the recreation building would have an opportunity to see movies. Many thanks from the Red Cross staff and the patients to Mrs. Lowery, Miss Lucille Nixon and Mrs. Jean Rogers, who have served as projectionists for the ward movies.

This Side of the Sun

(Continued from first page)

erican-made plane reached the fighting front. Also, during the first edition of the world war, only 241 tanks, mostly made in England and France, were used by American troops. The exact figure of American-made tanks now in action is not given out. But Rommel claims it is plenty. And, finally, in the first world war 366,603 American troops went overseas in the first 12 months. In the first year of this war, the OWI says 891,827 went across.

MONEY, MONEY—All of you know whose picture is on the \$1 bill, most of you know whose face adorns the fivers and the tens. It's Washington on the ones, Jefferson on the twos, Lincoln on the fives. Other great Americans pictured on our money are Grant, Franklin, McKinley, Cleveland, Madison and Samuel P. Chase. The latter's face rarely sees the light of day. It's on the \$10,000 bills. Personally, I'd just as soon look at a few Franklins or McKinleys. The sun is growing hotter, says my scientific friend. He was puzzled when I thanked him profusely.

AND FINALLY—If I don't get hotter soon or gather in some ideas for This Side of the Sun, there may be an eclipse.

...for ways to add life to commercial electric equipment...

"ASK ERNIE"

ERNIE R. GRAY is your Commercial Specialist

Commercial customers should know Ernie. He is an expert on every piece of electric equipment in your place of business. He'll show you how to use electricity for greater efficiency and profit. Call your local District Manager when the problem is electrical and Ernie will do the rest.

Never was it more imperative than now to keep your electric equipment functioning at its best. There must be no let-downs or break-downs. And our Commercial Department is ready to do its part to keep all electric equipment in service for the duration.

As you can readily understand this will not be easy to do. Over 20% of our man power is in the armed services. But we also realize that business must go on to supply the essential needs of agriculture and war workers.

Make it a rule to take extra good care of your present lighting, heating, air conditioning and all other electric equipment. And depend on us to be working with you until victory is won.

Crystal Ball View Of Senior Class Ten Years Hence

Ten long years have gone by. The war is over, and on this day of May 28, 1953, the Class of '43 is meeting at Palm Springs for their first reunion in ten years.

The atmosphere is filled with fun and there is the pleasant sound of eager conversation and hearty laughter.

There's Dick Heise. Remember him? That quiet little fellow who always had something to do with everything? They tell me he's a lawyer now—a criminal lawyer.

FOR WIVES ONLY

What's that fellow doing with that Hoover vacuum cleaner? Doesn't he know you can't just go around walking on people's walls just to demonstrate that thing. Oh! It's Jack Hoover, and, by golly, he has become President of the Hoover Company. He has perfected the portable type of vacuum cleaner that cleans out your pockets (for wives only).

And that stunning creature over in the corner is none other than Elsa Kofeldt. And is she stunning! Could it be her beauty? How can we be sure?

I wonder who that poor little spinster sitting over in that corner is. My gosh! It's Marti Robinson. Could it be that her left arm has lost its hook? She still has that "come hither" look.

MUST BE CHAMP

There's Jeanne Martineau. I'd recognize her anywhere. I hear she is the Pin Ball machine champ in Los Angeles county.

We would like to introduce New York's most terrific social queen, Bettie Willard.

Hmmm! There's sure to be some sign of life under that helmet and goggles coming toward us—Why it's Joanne Tuttle, world champion race car driver. Rumor says she is to enter Bill Gilbert's super-rickety rocket car in next year's race. She's a cinch to win because Bill has devoted these past ten years to its construction. That's why he's all bandaged up. And there's Doris of Dorkville! That personality she gives at her famous beauty salon really does things for you. You'd never know it was Doris Neel with that mud pack on her face.

A LONG WAY

Now we introduce our own Nan Duttonhofer who has come a long way up in the world. She now manages the Lonely Hearts Club. Those men following her are customers who couldn't find mates so she married them herself.

With Nan is another successful character—Norma Webb. Norma is now head of the Dead Letter Department of the New York Times. Ah, success!

Betty Bonner! Why she's a Powers model. Why the ten cameramen?

We went out to visit the high school and there we saw Carolyn Purcell who is now chief custodian, tearing around the lawn on her super-speed lawn mower. She perfected this machine herself.

BUILDS UP BUSINESS

Polly, her sister, just goes around town knocking people's backs out of joint so she can put them together again. Sort of brutal, even if she is a chiropractor.

What is Marian Hohl doing with all that celery. Oh dear, she is plugging that celery in everyone's ears and calling "number please."

Bobette Brand is now Prima Ballerina of the Ballet Russe, and she wears her most potent purple toe shoes.

Just got a letter from Gloria Flavin who says she can't get away for the reunion because she is too busy with her chain of hot dog stands at Newport and surrounding beaches.

SWEETHEART OF P S

We just now caught a glimpse of Muriel Woolhouse, world-famous aviatrix who flew from New

York to Palm Springs in three hours.

We see also the sweetheart of Pheila Si fraternity, Jimmie Rogers, helping Herb Lienau with his exams so that he may become a life member of the above named fraternity.

Between Catherine Lotz and Dottie Segar it looks as if the Po Dunk Postoffice is pretty well under control.

Maxine Hager is a partner with Flay in her chain of hot dog stands at Newport. She represents the corporation at the reunion and is giving out free hot dogs.

Our local Lena Horne just blew in the door in a charming gunny sack dress with shoes and purse to match. It's really Marti Pierre but that's on the Q. T.

CASH AND CARRY

We also have the pleasure of having the presence of two prominent young men assistants to Major Bowes—"Ring the Gong" Robert Roy and Carry the Bodies Out Norval Scrivens. Sort of a bash and carry business.

Got a card from Al Adolph, our local Venorica Lake, and he is head tall man on Brooklyn Bridge. He's that little man who takes the bridge down when you are half way across and then rolls over and over, laughing fiendishly.

Barbara Davis, the last of the Vanities of '43 is now head woman on the Tramway from P. S. to Hidden Lake. It costs \$1 to go up and \$5 to get back.

AH, THOSE DATES!

Bill Curtis, our local rancher, is out growing the dates all the P. S. H. S. girls wish they had. Jimmy Liechto, Bill's guest from L. A., is slightly off color from trying to run the projection machines in all of his theatres at once.

The reunion is over. The banquet hall becomes quiet. Our characters of ten years hence once again pass a milestone.

Finis Is Written By Smoke Signals On an Active Year

BY ART BUSHNELL

Concluding 34 consecutive editions of "Smoke Signals," the Journalism Class of the Palm Springs High School devotes its final issue for this school year to the Class of '43.

During the school year, each published issue of Smoke Signals has contained about 6,000 words. A total of approximately 204,000 words have been published during the year under the school masthead. This is the equivalent of more than two and one-half full-length novels.

The Journalism Class wishes to thank the local newspapers for devoting space to student copy so generously. This class wishes, also, to thank the readers of this copy for their encouragement and constructive criticism.

Smoke Signals is expected to resume publication next fall at the opening of the new school year. We shall be looking forward to reading improved editions of the high school page with some treasured understanding of what it means to produce copy and meet a deadline.

CLASS WILL

Al Adolph—His everlasting puns, gags, etc. to Don Sorum.

Lois Bailey—Quiet manner to Red Tomkins.

Bobette Brand—Studious effort to Don Omlin.

Roger Braniger—Profane language to Dick Raeburn.

Betty Bonner—Short hair to Kathryn Croft.

Bill Curtis—Lightning speed in practically everything to Bill Foster.

Barbara Davis—Happy disposition to Doris Payne.

Nan Duttonhofer—Dark lipstick to Leona Jenner.

Gloria Flavin—Slender waist to Pet Mutascio.

Bill Gilbert—Magnanimous popularity to Don Whitehead.

Maxine Hager—Her duties as Ma Hanson's assistant in the cafe to Boots Miller.

O. L. Harmon—His southern accent to Mr. Vaucher.

Richard Heise—Dogmatic (or "I'm always right") attitude to Warner Moore.

Marian Hohl—Driving ability to Patsy King.

Matt Hennes—"Frog-like" voice to Helen Louise Williams.

Jack Hoover—Apple polishing to Maurice (Smitty) Smith.

Charles Isham—Knowledge of every joke that was heard of, to Pat Bryce.

Elsa Kofeldt—Her lady-like personality to Donna Reed.

Jimmy Liechti—His "legs" to Gil Smith.

Herb Lienau—Athletic ability to Charles (Crusher) Snelling.

Katherine Lotz—Compact, comb, nail file, etc. to Norma McCall.

Jeanne Martineau—"Chocolate" brown hair to Jo King.

Doris Neel—Her "torrid" love life to Martha McCarn.

Clarence Nicholson—His P. A. system to Suzy Williams (even though she really doesn't need it).

Dorothy Pierre—Artistic talent to Nancy MacNaught.

Carolyn Purcell—G. A. A. accomplishments to Julie Martineau.

Polly Purcell—Effervescence to Betty Campbell.

Robert Roy—His moods to Milt Knapp.

Marti Robinson—Her interest in Senior Class productions to Barbara Knowles.

Jimmie Rogers—Her collection of wings to Mildred Woolhouse.

Dorothy Seger—Her cool temper to "Daisy."

Norval Scrivens—His ability to escape academic assignments to Art Bushnell.

Joanne Tuttle—Her cute clothes to Helene Hanbury.

Norma Webb—Her "up to the minute" idioms to Artie Lee Butler.

Bettie Willard—Her C. S. F. life membership pin to Alan Anderson.

Muriel Woolhouse—Her collection of ear rings to the Freshman Class.

GAZOOZIT

By MAC 'N' MARTI

CONCLUSION TO GAZOOZIT—'43—Work, fun, sobs, sighs and laughs and more laughs. It's been a good year—this year of '43. Time has barreled along and at last May 28, our goal is next on the program. With that wonderful "end of the year" feeling comes a parade of memories. Here are some senior memories we've accumulated—William S. B. President Gilbert broke many a heart because he was seen out in public most with his tennis racket. . . . We heard Dick Heise all year and his steady attention to Helene served as good printing material. . . . Al Veronica Adolph was happy all year. A smile graced the lad's fair countenance and he always had a good word to pass along. . . . Carolyn Queenie Purcell left the local men (?) to go gadding with John Ryan. . . . Mathe (Junior) Henna managed to remain fairly obscure. His first love was apparently that Ford. . . . Even though Rog Braniger always got around his heart belonged to his jeep. . . . Pee Wee Webb as usual was right in there. She managed to re-christen Mrs. Keller and also left some descriptive phrases to up and coming juniors. . . . Jo Tuttle was discreet in all her dealings and thus managed to stay out of print. We only found out that her love interest was out of school. . . . Jack Hoover remained as usual friendly with everyone. His favorite expression was "I'm so busy," and, brother, he really meant it. . . . Polly Purcell became an ex-member of the WAMS when Jim Fry came to town. . . . Doris Neel's love life was interesting to say the least. She kept us busy keeping up with her. . . . Muriel Woolhouse and Barbara Davis were very quiet and we never could manage to get anything on them. . . . Bob Roy was very active and vociferous this year. Whenever we hear "Road to Mandalay" we think of B. R. now. . . . Dottie Seger and Katy Lotz had big interests out of school. . . . Continually heard was Jeanne Martineau uttering "but I". . . . Marian Hohl was always taking quick jaunts up to L. A. and returned with the most interesting chatter. . . . Naturally Elsa Kofeldt was never manless, and we never could keep posted on the gal. . . . Bill Curtis stayed in hibernation the first part of the year, but he made up for lost time during the last months. . . . Jimmie Rogers' donned wings. . . . Maxine Hager remained the mysterious woman of the year. . . . Nan Duttonhofer thought about Bev. High a lot, and she became a good pal to everyone here. . . . Gloria Flavin not only won the title of Bomber Queen but she was Al's special friend. . . . Bobette Brand seemed to be glued to her books until she sprinted out to the Prom with B. R. . . . Betty Bonner left her heart at the Ferrying Command. . . . We heard a great deal about Lois Bailey's love life. . . . Jim Liechti managed to provide good material for the column. . . . We caught glimpses of Dottie Pierre having fun with a tall soldier. . . . Bettie Willard accomplished a lot of hard work this year. . . . of course Herb Lienau and Marti Robinson were the steadiest steadies of the year. This is 30 for the year. Adios.

NICKNAMES AND PET SAYINGS

| Name | Nickname | Pet Saying | Noted for |
|-------------|----------|------------------------|-----------------------|
| Jack Hoover | Jackson | By damn! | Disliking Roosevelt |
| Adolph | Al | But, I . . . | Wit |
| Gilbert | Bill | Sport! | Personality |

| Bonner | Betty | It's mine | Athletic ability |

Mrs. Walter Z. Allen Now at Long Beach

Mrs. Walter Z. Allen, wife of the well known Palm Springs realtor and securities manager, has gone to Long Beach where she has taken an apartment for the summer.

Mrs. Allen has been ill for some weeks and it is believed the change will be beneficial.

Mr. Allen will remain in the Village, making periodical trips to the beach.

Helen A. McCallum, of 217 Occillo avenue, is preparing to go to Los Angeles to spend the summer months.

Lawrences Spending Summer at Newport

Mr. and Mrs. H. A. Lawrence, lessees of the El Rey hotel, 245 North Palm Canyon drive, will spend the summer months Newport Beach.

During their absence, Dick Taylor, former city recreation director, will manage the El Rey.

Mr. and Mrs. Paul Moyer, son John and daughter Carol are spending the week in Palm Springs, staying at the Los Arboles apartments. Mr. Moyer is in charge of the distribution department for 20th Century-Fox.

Interest Is Light As Village Elects Two Board Members

Interest lagged today as Palm Springs and Cathedral City voters went to the polls to elect one member of the Desert School district elementary board.

John Connell's name was the only one appearing on the high school board to succeed himself.

There were no names on the elementary board ballot but friends were engaged in a write-in campaign to re-elect Mrs. Nellie N. Coffman whose term expires.

Hold-over members of the high school board are Eugene E. Theriault, Bill Hillery, Charles Burket, and John Sprague. Hold-over members of the elementary board are Mrs. Culver Nichols and Francis F. Crocker.

Polling place was at the Frances Stevens school.

Mrs. Murray Back From Seven Weeks' Stay in Hospital

Mrs. Hortense Murray of 1189 Beauna Vista drive, who several weeks ago suffered a broken hip in an odd accident on Palm Canyon drive, has returned to her home here and, although she is forced to use crutches for the next two months, is well on the road to recovery.

Mrs. Murray's hip was factured when she was run into by another pedestrian while walking along the sidewalk.

She was taken to Huntington hospital in Pasadena where she was confined for seven weeks.

Brubaker in The New Yorker: Because of the fuel-oil famine, local laundries have cut their service 50 per cent. As is always the case, the white-collar workers are the worst sufferers.

FRIDAY, MAY 21, 1943

The Desert Sun—7

Cathedral City

W. R. HILLERY

Wednesday of this week your local deputy assessor spent the day canvassing the village of Desert Hot Springs. The water there is warm and some of it is hot and the day though cooler over there than on the south side of the valley, was also warm to hot. There are a fine lot of people there and most of them know that the deputy assessor is not responsible for the fact they have no paved road to their settlement which they should have. Bill Chance was invited to spend the day as company and Bill says he enjoyed it although we discovered after we got there that the cafe followed the idea of eating places in other localities and had picked Wednesdays for their day to be closed. As the sun was getting low and we were too, we learned that on Wednesdays the ladies of the Desert Hot Springs Improvement association gave a supper at the pool. Very satisfying, very informal and altogether a pleasant affair. Like a fraternity, I find Alaskans or those who have lived there. The president of the association is Cabot Yerxa, a former Nomeite and Mrs. Vi Dinsmore who was one of those looking after our needs was a Skagway girl that I knew quite well when we lived there.

If this army activity continues over a period of time it appears we ought to get together and establish a sort of clearing house of information where all officers and enlisted men's families could register and note the location of their dwellings so their friends could find them. Where phone calls could be handled. Where many other activities could be listed and in that way their stay on the desert be more pleasingly memorable.

When these days stretch into years and certain boys and girls ask their parents about the days when the questioners were born on the California desert it will be interesting to them to have literature of some kind that tells of the desert at this period. Just another thing that would be well worth having available for our temporary residents. We did learn that a daughter was born to Lt. W. R. Gromer and Mrs. Gromer at Torney General Hospital, Sunday the 16th. It will be some time before Martha Gill will be old enough to play much with brother Jimmie but in the meantime he is very proud of his sister. The Gromers have occupied a Kuehlborn cottage all winter.

When we were in Riverside last Monday we had in mind to check up on the street numbering and street sign prospects as well as the fire protection proposals but found our time so taken up we failed to make the necessary contacts. We wanted to help our very hard working James W. Kyle, for he has interested himself in these matters that are pressing for consumation.

Coffee — Stamp No. 23 good until May 30 for one pound per person over 14 years of age.

Sugar — Stamp No. 12 good for five pounds per person until May 31.

Shoes — Stamp No. 17 good for one pair of shoes until June 15.

Gasoline — Coupon No 6 good for four gallons through July 20.

Canned Goods — Blue Coupons G, H and J valid to May 31.

Meats, Cheese, etc. — (Including edible fats and oils and canned fish) — Red stamps from war ration book Number 2 are valid as listed below.

All are good for 16 points and all expire on May 31.

"E" week beginning April 25.

"F" week beginning May 2.

"G" week beginning May 9.

"H" week beginning May 16.

"J" week beginning May 23.

Tire Inspections — A-book cars next deadline September 30. B-book cars, next deadline, June 30. C-book cars, next deadline, May 31.

Pay Telephone Bills before the 30th and receive your discount.

We failed again in not urging in time that voters go to Palm Springs and vote for trustees for the two local school boards. We hope a good showing is made by our community.

A son was born last week to Technical Sergeant Ike Tucker and Mrs. Tucker in Indio. The Tuckers have occupied one of the Cobb cottages for several months now.

Also a child was born to Sgt. Frank Pak and wife who occupy one of the Sausser cottages.

Post observers are still drifting out for the summer. Volunteers are needed so don't wait for a personal invitation but go to the post and offer your services. When the long expected raid is made don't let your conscience hurt you if you have not done the one thing you can do.

The coolers we were led to believe would be made available to desert dwellers are still on the hook. The time for their use is fast approaching so we hope they will be released.

We are still holding our breath about the matter of sanitation. If the man who is now trying it out asks your support, give it to him by all means and make the pick up as convenient as possible and pay him without quibble.

"Tiny" Henry, assistant to Edna Cobb in the Postoffice, left this week for Texas with her husband T/Sgt. Herbert Henry on furlough.

Noted Engineer Addresses Lions Club On Tramway and Other Postwar Plans

In Palm Springs on a brief visit, John M. Masters, of Modjeska and Masters, one of the leading engineering firms of the nation, addressed members of Palm Springs Lions club yesterday speaking on the proposed aerial tramway.

Mr. Masters, who was one of the designers of the Transbay bridge across San Francisco bay, was on his way back to Harrisburg, Pa., headquarters for his firm, on the final leg of an inspection trip of suspension bridges throughout the nation. He is a noted authority on this type of construction.

Mr. Masters is deeply interested in postwar construction projects and therefore keenly interested in the tramway project.

He told Lions that when the governor signs the measure the two Palm Springs members and the county member should be chosen at once. The state members are automatically appointed he said. The bill specifies that two members of the Winter Park authority, which will have charge of building the tramway, shall be appointed by the Palm Springs city council, one by the county and the other two shall be the chairman of the state park commission and the state director of natural resources.

Dr. O. B. McRory, newly appointed health officer here, who was scheduled to address the club was unable to be present. In his stead, Dr. E. E. Oertel, high school principal, and Judge Guy Pinney presented autobiographies. Judge Pinney's life story was supplemented by Phil Boyd to bring out points the judge forgot. Gordon Nicholson was chairman for the day.

President Culver Nichols presided.

IT'S A FACT

Some of the kiddies one meets at least have the right angle on finance—and economics.

The other day a youngster walked into a bakery to buy a penny scone. He looked at it once. And he looked at it twice.

"This scone is much smaller than it used to be," he said to the man behind the counter.

"Well, Sonny, you see there is a war on."

"Huh!" The kiddie looked at his coin again. "My penny still seems to be the same size."

Learning From Another

Each man can learn something from his neighbor; at least he can learn this—to have patience with his neighbor; to live and let live. —Charles Kingsley.

But when Fate destines one to ruin it begins by blinding the eyes of his understanding. —James Fraser.

NEXT WEEK'S SCHEDULE

Monday, May 24—22nd General Hospital vs. 737th Sanitary Co.; Ferrying Officers vs. Torney General.

Thursday, May 27 — Torney General Officers vs. Ferrying Strafers; Ferrying Night Flyers vs. 742nd Sanitary Co. (All games at Field club).

Two teams who figure to fight it out for the pennant, the Ferrying Division's Night Flyers and Torney General Hospital enlisted men, top the Palm Springs Army softball league after another week of play with their slates still clean.

Last week the Night Flyers, behind the almost perfect pitching of Sgt. Glen Cartwright, blanked the Torney Officers 10 to 0. On the same night the Ferrying Officers showed a complete reversal of form from their first game and beat the 737th Sanitary company 4 to 3. Lt. Col. Andrew B. Cannon, ferrying division commanding officer, played the entire game and Capt. Paul Herbert and Lt. Mike Frankovich shared the pitching chore.

The Ferrying Strafers also came to life when they, too, found the 737th Sanitary team to their liking for a 10 to 1 victory. Torney General enlisted men took a 14 to 7 decision from the 742nd Sanitary on the same night.

Council Acts to Support All-Year Club Ad Campaign

City council Wednesday night took action on an appropriation of \$500 for the Chamber of Commerce, the money to be used as that body's contribution to the All-Year club's publicity campaign.

It was pointed out that the Chamber had underwritten much of the campaign in support of the Tramway bill and that aid was needed in meeting its share of the All-Year Club's advertising campaign.

C. C. T. Claussen on Road to Recovery

C. C. T. Claussen, prominent winter resident, who suffered a stroke about three weeks ago and was removed to the Riverside Community hospital has sufficiently recovered to be able to return to his home in Tacoma, Wash.

His niece, Miss Inger Claussen, accompanied him north.

Mr. Claussen made his home while in Palm Springs, at Sunshine Court.

Francis F. Crocker Back on Job Again

Francis F. Crocker, head of the Palm Springs division of the California Electric Power company, was back on the job again after a week's stay at Loma Linda hospital.

While working with a power drill a week ago Sunday at his home, the vibrations started an infection in his arm, necessitating medical care.

YELLOW CABS — PHONE 4444

PVT. JOSEPH DE MUNIZ, JR., as the 3000th employee of the Bank of America to join the nation's armed forces, receives the best wishes of A. P. Giannini, founder of the bank. In the background is the bank's service flag. Above the central star showing the number of men from the bank now in the services are 10 gold stars, representing the number of bank men who had made the supreme sacrifice. Two more have since been added. De Muniz left at once for training as a member of a Coast Artillery Anti-Aircraft Division. He is a second generation banker, his father Joseph De Muniz now being in his 20th year of service with the same institution.

McColly Resigns County Positions, Effective May 31

Donald McColly, head of the Palm Springs Civilian Defense council, will leave that position May 31, it was announced this week.

McColly, who is also secretary of the Riverside county chamber of commerce, tendered his resignation from that post, thus automatically relinquishing the defense chairmanship.

McColly's resignation becomes effective May 31. He resigned to accept a position as assistant to W. B. Parker, state director of

DONALD W. MCCOLLY

farm production with headquarters in Sacramento. His field of operations, however, will be Southern California and he will retain his residence in Riverside.

In resigning, McColly told the supervisors he would appreciate having his resignation considered as a leave of absence for the duration of the war. He pointed out that the county chamber's normal functions are now restricted but will be considerably expanded after the close of the war.

In addition to his duties as chamber secretary, McColly filled the position of secretary of the Riverside County Fair and Date Festival, and more recently that of chairman of the county defense council. He served as farm coordinator and as secretary of the newly-formed county farm production committee, which replaced the county war manpower commission, which he also served as secretary.

He is a member of the board of directors of the Riverside Kiwanis club and active in community affairs. In the county campaign for funds for the United Service Organizations, conducted last summer, he served with Chairman A. B. West as campaign manager.

Field Club Worker Voted Pay Increase

Increase of \$30 per month in the salary of Murray Hayes, Field Club caretaker and attendant, was voted by city council at their meeting Wednesday night on recommendation of the Recreation council.

The advance is retroactive to May 1 and will be paid from the War Chest fund.

RELIEF

Sentinel (at 4 a. m.): "Halt! Who goes there?"

Voice in the dark: "Only the cook with doughnuts for breakfast."

Sentinel: "Pass cook, Halt, doughnuts." — Putnam (Texas) News.

During the summer months, the most important food for Pennsylvania bears is wild cherries, with acorns second.

Kenneth DuBose Appointed Member Of Library Board

Kenneth DuBose, proprietor of the Village 5 and 10 and the Thrifty 5-10-25 stores, Wednesday night was appointed to the city library board to succeed Clarence Simpson, of Simpson's Radio shop who resigned because of ill health.

In a communication to city council Francis F. Crocker, president of the board, revealed Mr. Simpson's resignation. Mr. Simpson was secretary of the board and Mr. Crocker informed council that the board had elected Carl G. Lykken secretary in his stead.

Mr. Simpson expects to be gone most of the summer.

Squad From Rice Air Field Trims Local Softballers

A brilliantly fielding soft-ball team from Rice Army Air field took the measure of the Night Flyers of the Palm Springs Ferrying Division, 5 to 3, at the Field club.

Both pitchers, Sgt. Glen Cartwright of the Palm Springs team and Moylan of the visitors, were in good form and each allowed only two hits. As brilliant as was Moylan's support, however, the Palm Springs defense fell apart and Cartwright's hurling went for naught.

It was a quickly played game. The score:

Palm Springs 000 020 1 3 2 6
Rice AAF 203 000 x 5 2 1

Batteries: Cartwright and Hagerty; Moylan and Wallers.

Palm Springs Will Be Given Publicity

Palm Springs will benefit by a 16-page section in a special edition of the Riverside Press commemorating fiftieth anniversary of the founding of Riverside county.

Action to participate in the edition was taken by the Chamber of Commerce directors at their latest meeting.

Eight Sticks of Dynamite

Cleaning house, Mrs. August Maguire of New York City decided to burn a pile of papers and an innocent-looking cigar box. En route to the furnace, the box fell to the floor. Out rolled eight sticks of dynamite.

ONE OF HIS BAD DAYS?—Charles Arndt and Mary Field seem to have Harold Peary just where they want him in "The Great Gildersleeve," coming to the Palm Springs theater May 23 and 24.

Sorum Authorized To Purchase Skip Loader for City

Director of Public Works Ray M. Sorum was authorized by city council Wednesday night, to purchase a skip loader for the street department, at a cost not to exceed \$3190 plus state sales tax.

Action followed reading of two bids to sell the city the much-needed equipment. One was from the Smith, Booth, Usher company and the other from the Brown-Bevis equipment company.

The bids were so nearly alike that councilmen concurred in the opinion that the best method was to let Mr. Sorum inspect both machines and choose the one which he deemed best for Palm Springs.

Council Adopts...

(Continued from page 1)

blyman Nelson Dilworth and was the result of long and earnest work by the tramway committee of the Chamber of Commerce.

CHAFFEY BUSY

John R. E. Chaffey, secretary of the Chamber, in the meantime was continuing activity in favor of the measure. He was instrumental this week in obtaining many endorsements of the measure from neighboring Chambers of Commerce and important civic organizations.

Mr. Chaffey pointed out that the governor's signature was only a step in the realization of the long dream to build the aerial tramway and that there was much work to be done following final enactment of the bill.

NOW IS THE TIME

"If construction work is to start as soon as the war is over to provide the jobs which will be needed then, it is imperative that preliminary steps be taken now," he said. "These cannot be taken until the measure is signed and AB2001 becomes a law."

Mr. Chaffey pointed out that the authority has to be established, plans drawn, bonds issued and sold, and many time-taking details worked out. He believes, with others, that all of these preliminaries should be out of the way by the time peace returns and postwar jobs are needed.

ENGINEER HERE

John W. Masters, one of the nation's greatest authorities on suspension bridges and now highly interested in postwar construction jobs, was in Palm Springs this week and discussed the Tramway with Mr. Chaffey and others of the Tramway committee. He said that as soon as the bill is signed, this preliminary work should be started.

Mr. Chaffey, Henry Lockwood, attorney for the Chamber's Tramway committee, and Mr. Masters met at the Biltmore hotel today for luncheon and further discussion of Tram plans.

A bashful young ducky had not the courage to pop the question. Finally, one Sunday night, he said:

"Julia, yo' remembers that I was heah Monday night?"

"Yes," Julia replied.

"An' dat I was heah Wednesday an' Thursday?"

"Yes."

"An' once mo' on Friday an' again las' night?"

"Sho' yo' was."

"An I is heah tonight?"

"Yo' sho' is."

At last in desperation, he burst out with:

"Say, woman, doesn't yo' smell a rat?"

DISHWASHER

A method of reclaiming from dishwasher large quantities of solid fat which can be passed straight to industry has been devised by an 18-year-old laboratory assistant in England.

Ryan in Boston Herald: A knowing assessor insists that the old family car is worth more than it was a year ago, although, after pondering over the A-card, you may wonder to whom.

Owner Must Sell AT ONCE

Beautiful Modern 3 Bedroom—
3 bath house, latest Bamboo type furniture. Small down payment will handle.

Price \$8500.00

Don't Cut Too Closely

Ladino is a white clover which grows sometimes to a height of 15 to 20 inches. It has proved to be an excellent addition to pastures and to meadow mixtures to be cut for hay. Ladino seeds abundantly if not grazed or cut too closely.

St. Louis Star-Times: Thank goodness, we live in a free country, where a man may say what he thinks if he isn't afraid of his wife, his neighbors or his boss will criticize him, and if he's sure it will not hurt his business or reputation.
